

## OPS Annual Fund 2009-2010

Our Annual Fund Campaign provides for areas targeted each year that are not included in our operating budget. This campaign impacts **every student** and therefore every family in our school. In an effort to keep tuition down, while offering outstanding faculty, staff, programs and facilities, we need your support. We would like to have **100%** participation from our **parents, faculty, staff and board members**. All donations help, no matter the size. Please join those who have already given by **May 31** to be included in our Annual Report this summer.

Thank you for your support,
